I. FUNDING OPPORTUNITY DESCRIPTION

1. PURPOSE

The Executive Office of the President, Office of National Drug Control Policy (ONDCP), and the Department of Health and Human Services (HHS), Substance Abuse and Mental Health Services Administration (SAMHSA), Center for Substance Abuse Prevention (CSAP) are accepting applications for Fiscal Year (FY) 2018 Drug-Free Communities (DFC) Support Program grants. By statute, the DFC Support Program has two goals:

1. Establish and strengthen collaboration among communities, public and private non-profit agencies, as well as federal, state, local, and tribal governments to support the efforts of community coalitions working to prevent and reduce substance abuse among youth*.
2. Reduce substance abuse among youth and, over time, reduce substance abuse among adults by addressing the factors in a community that increase the risk of substance abuse and promoting the factors that minimize the risk of substance abuse.

*For the purposes of this FOA, “youth” is defined as individuals 18 years of age and younger.

The DFC Support Program was created by the Drug-Free Communities Act of 1997 (Public Law 105-20). This announcement addresses Healthy People 2020 Substance Abuse Topic Area HP 2020-SA.

Failure to use the correct FOA will result in an application being screened out and not proceeding to peer review.

2. EXPECTATIONS

Grants awarded through the DFC Support Program are intended to support established community-based youth substance use prevention coalitions capable of effecting community-level change. For the purposes of this FOA and the DFC Support Program, a coalition is defined as a community-based formal arrangement for cooperation and collaboration among groups or sectors of a community in which each group retains its identity, but all agree to work together toward a common goal of building a safe, healthy, and drug-free community. DFC grant award recipients, also referred to as ‘recipients’, are expected to conduct the day-to-day operations of the grant program. DFC recipients are not permitted to serve as a conduit for DFC funds passing through them or to another agency.

Coalitions receiving DFC funds are expected to work with leaders in their communities to identify and address local youth substance use problems and create sustainable community-level change through the use of the Seven Strategies for Community Level Change. For more information on these strategies, please refer to page eight of this FOA.

NOTE: SAMHSA requires electronic submission of grant applications through Grants.gov. Grants.gov will reject applications submitted after **11:59 PM Eastern Time on March 29, 2018**. Due to the new registration and application requirements, it is strongly recommended that applicants start the registration process **six weeks in advance** of the application due date.

Some applicants living in remote and rural areas may be unable to submit electronically through the Grants.gov portal because their physical location does not have adequate access to the internet. Inadequate internet access is defined as persistent and unavoidable access problems/issues that would make compliance with the electronic submission requirement a hardship. In these cases, applicants may apply for a waiver of the electronic submission. The waiver **must** be submitted at least 30 days prior to the application receipt date. If the waiver is approved, the applicant will be permitted to submit a paper application. The process for applying for a waiver is described in [Appendix A](#).

The waiver is only considered for applicants with persistent lack of access to the internet. No other exceptions will be made.

2.1 Strategic Prevention Framework

DFC funded coalitions are expected to utilize SAMHSA’s Strategic Prevention Framework (SPF) as the planning model to develop long-range plans. The SPF is a five-step evidence-based process for community planning and decision-making. Cultural competence and sustainability should be considered throughout all five steps of the process, which includes:

1. **Assessment:** Identify local youth substance use problems and the community conditions that contribute to the specific identified issues.
2. **Capacity:** Mobilize/build capacity to change the conditions and address the youth substance use problems.

3. **Planning:** Develop a logic model, comprehensive 12-month Action Plan, and multi-year Strategic Plan.
4. **Implementation:** Implement action and strategic plans with multiple objectives, strategies, and activities.
5. **Evaluation:** Monitor, sustain, improve, or replace prevention activities, efforts, and strategies.

For more information on the SPF, visit <https://www.samhsa.gov/capt/applying-strategic-prevention-framework>.

2.2 Community Definition

Applicants are expected to define the communities they propose to serve. The DFC Support Program does not prescribe the demographics or geographic location of DFC-funded community coalitions. DFC grant recipients may use various geographic boundaries including neighborhoods, census tracts, zip codes, and school districts, as well as townships, counties, or parish lines, among others, to define their community. Applicants should be realistic about the size and population of the area in which the coalition will have the ability to create change. For example, choosing a community that is too large may be problematic due to inclusion of neighborhoods that have significantly different problems to be addressed.

The DFC Support Program **does not** make funding decisions based on geographic boundaries (e.g., number of grants within states/towns/cities). Applicants should consider that adjacent neighborhoods/towns/cities with DFC-funded community coalitions operating in different areas are encouraged. However, multiple DFC recipients **may not** serve the same zip code(s) unless there is written evidence of cooperation between the overlapping coalitions. **See Section III-1, Table 1, Requirement 9** of this FOA for information on written evidence of cooperation.

2.3 Community Level Change

Applicants are expected to choose strategies that will lead to community level change. Such strategies seek to: (1) limit access to substances; (2) change the culture and context within which decisions about substance use are made; and/or (3) shift the consequences associated with youth substance use. Evidence exists that well-conceived and implemented policies at the local, state, and national levels can reduce community level alcohol, tobacco, and other drug problems.

The DFC Support Program requires that coalitions develop and implement a comprehensive 12-Month Action Plan to prevent youth substance use. **A comprehensive 12-Month Action Plan will include an appropriate mixture of all seven strategies listed below.** Applicants are not required to name the seven strategies, identified below, in their 12-Month Action Plan but should use them as a framework for ensuring a comprehensive plan.

The Seven Strategies for Community Level Change, a conceptual understanding of strategies a coalition may employ, include efforts that affect individuals as well as an entire community.

Seven Strategies for Community Level Change

1. **Provide Information:** Educational presentations, workshops or seminars, and data or media presentations (e.g., Public Service Announcements (PSAs), brochures, town halls, forums, web communications).
2. **Enhance Skills:** Workshops, seminars, or activities designed to increase the skills of participants, members, and staff (e.g., training and technical assistance, parenting classes, strategic planning retreats, model programs in schools).
3. **Provide Support:** Creating opportunities for participation in activities that reduce risk or enhance protection (e.g., alternative activities, mentoring, referrals for service, support groups, youth clubs).
4. **Enhance Access/Reduce Barriers:** Improving systems/processes to increase the ease, ability, and opportunity to utilize those systems and services (e.g., assuring transportation, housing, education, safety, and cultural sensitivity) in prevention initiatives. **Reduce Access/Enhance Barriers:** Improving systems/processes to decrease the ease, ability, and opportunity for youth to access substances (e.g., raising the price of single-serve cans of alcohol, implementing retail alcohol/tobacco compliance checks).
5. **Change Consequences:** Increasing or decreasing the probability of a behavior (incentives/disincentives) by altering the consequences for performing that behavior (e.g., increasing taxes, citations, and fines; revocation/loss of driver's license).
6. **Change Physical Design:** Changing the physical design of the environment to reduce risk or enhance protection (e.g., re-routing foot/car traffic, adjusting park hours, alcohol/tobacco outlet density). **NOTE:** DFC federal funds cannot support landscape and lighting projects. As such, costs for these projects cannot be used as match.
7. **Modify/Change Policies:** Formal change in written procedures, by-laws, proclamations, rules, or laws (e.g., workplace initiatives, law enforcement procedures and practices, public policy actions, systems change). **NOTE:** As per both HHS/SAMHSA and ONDCP guidelines, lobbying with federal dollars is not permitted. As such, costs for lobbying cannot be used as match.

For more information on the Seven Strategies for Community Change, visit <http://www.cadca.org/resources/coalition-impact-environmental-prevention-strategies>.

NOTE: Applications funded by the DFC Program are required to comply with the following Term and Condition regarding DFC recipient restrictions on lobbying:

(c) Title 18 > Part I > Chapter 93 > Section 1913 – Lobbying with Appropriated Moneys

No part of the money appropriated by any enactment of Congress shall, in the absence of express authorization by Congress, be used directly or indirectly to pay for any personal service, advertisement, telegram, telephone, letter, printed or written matter, or other device, intended or designed to influence in any manner a Member of Congress, a jurisdiction, or any official of any government, to favor, adopt, or oppose, by vote or otherwise, any legislation, law, ratification, policy, or appropriation, whether before or after the introduction of any bill, measure, or resolution proposing such legislation, law, ratification, policy, or appropriation.

2.4 DFC National Cross-Site Evaluation

DFC grant award recipients are required to participate in the DFC National Cross-Site Evaluation, intended to measure the effectiveness of the DFC Support Program in reducing youth substance use. DFC recipients are required to provide data every two years on the following core measures for alcohol, tobacco, marijuana, and prescription drugs for three grades (6th-12th):

1. Past 30-day use
2. Perception of risk or harm
3. Perception of parental disapproval of use
4. Perception of peer disapproval of use

* It is recommended that data be collected for at least one middle school and one high school grade.

Applicants are not required at the time of application to be in compliance with the DFC National Cross-Site Evaluation Requirements. However, recipients will be required to comply with the DFC National Cross-Site Evaluation Requirements once awarded a DFC grant. Prior to submitting core measures data, coalitions are required to submit any survey(s) used to collect these data for review and approval through the DFC *Me* (Management and Evaluation) system. The coalition will have two years from the time of award to report its first complete set of core measure data.

It will be the responsibility of the coalition to know the National Cross-Site Evaluation reporting schedule. An inability to supply the previously mentioned core measures in the specific increment (every two years) for the substances named from the grades required means a coalition is out of compliance with the grant's Terms and Conditions. **Failure to comply with the Terms and Conditions of the DFC grant award may result in suspension or termination of the award.**

2.5 New Grant Award Recipient Virtual Training Requirement

All new DFC Grant Award Recipients **must** participate in the **New Grant Award Recipient Virtual Training**. The Program Director/Principal Investigator (PD/PI), Project Coordinator, and the Grant Award Recipient (fiscal agent) **must** participate in all the training sessions. The New Grant Award Recipient Virtual Training usually takes place in mid-November or early December. Training dates and topics will be shared with all new DFC Grant Award Recipients 60 to 90 days post award.

2.6 National Coalition Academy Requirement

The National Coalition Academy (NCA) is a three-week training program spread out over the course of several months. It is designed to train coalitions in the SPF process and guide the creation of the products necessary for successful coalition functioning and management. Costs associated with the NCA are generally limited to travel (e.g., flight, car rental, per diem). Lodging, dependent upon location, may be provided. There are several locations across the United States where the NCA is held.

All Year One grant award recipients **must** send two people to the NCA. Specifically, key personnel in charge of the coalition's daily operations (Program Director/Principal Investigator (PD/PI) or Project Coordinator) **must** attend all three weeks of the NCA and graduate. The second mandatory person to attend can vary each week; for example, a coalition may choose to send a coalition staff member or a community member to the NCA if awarded the DFC grant.

Successful applicants are required to contact the National Coalition Institute immediately after being awarded the DFC grant to register for the NCA location of their choice. More information on the NCA can be found at <http://www.cadca.org/nca>.

2.7 Pre-Application Workshop

All applicants applying to the DFC Program are encouraged to attend one of the following pre-application workshops. To register for a workshop listed below, go to: <https://www.cmpinc.net/dfc>.

- January 23, 2018 Amarillo, Texas
- January 25, 2018 Henderson, Nevada
- January 31, 2018 Jackson, Mississippi
- February 9, 2018 National Harbor, MD

These workshops **are not** mandatory in order to apply for this grant. The workshops provide technical assistance to help applicants complete the application. Please read this FOA in advance so you are prepared to ask questions related to the completion of an application.

If an applicant is unable to travel to a workshop, a recorded version will be posted to the DFC website by mid-January 2018. The workshop registration link and the link for the online videos can be found at <https://www.whitehouse.gov/ondcp/grants-programs>.

II. AWARD INFORMATION

Funding Mechanism: Grant

Anticipated Total Available Funding: \$15,000,000

Estimated Number of Awards: Approximately 120 grant awards

Estimated Award Amount: Up to \$125,000

Length of Project Period: Up to 5 years

Proposed budgets must not exceed \$125,000 in total costs (direct and indirect) in any year of the proposed project. Annual continuation awards will depend on the availability of funds, recipient progress in meeting project goals and objectives, timely submission of the required data and reports, and compliance with all grant award Terms and Conditions. Failure to comply with the Terms and Conditions of the award may result in suspension or termination of the award.

Applicants should be aware that award amounts are subject to the availability of funds.

To apply for a DFC grant under this FOA, a coalition **must** have never received a DFC grant.

Recipients will be awarded funds for one year beginning on September 29, 2018. Funds for subsequent years within a grant cycle are distributed on an annual basis as non-competing continuation awards. Each year, recipients **must** demonstrate compliance with the DFC Statutory Eligibility Requirements.

III. ELIGIBILITY INFORMATION

1. ELIGIBLE APPLICANTS

Eligible applicants are community-based coalitions addressing youth substance use that have never received a DFC grant. **Statutory Eligibility Requirements, written into the DFC Act, are inherent in the language of the DFC Support Program.** Applicants should refer to **Table 1: Statutory Eligibility Requirements**, which contains a summary of the minimum documentation applicants **must** provide to meet these criteria. The table also specifies evidence required and where to place it in the application (e.g., as an attachment, in the Project Narrative, or in the Budget Narrative).

Failure to meet any single statutory eligibility requirement will cause the application to be deemed ineligible; in such case it will not move forward to peer review. Should your application fail to meet the eligibility requirements, the person listed as the Business Official on the Application for Federal Assistance (SF-424) will receive a letter stating why the application was deemed ineligible. **No additional information may be added to an application after the application deadline.** Final authority lies with the DFC Administrator to determine the eligibility of an application.

NOTE: Coalitions that have already received 10 years of DFC funding are not eligible to apply for this grant.

All DFC applications will be jointly screened by ONDCP and SAMHSA to determine whether an applicant meets all the DFC Support Program Statutory Eligibility Requirements identified in Table 1.

In addition, the non-profit status of the legal applicant (if applicable) will be verified along with its ability to fiscally manage federal funds. Applications submitted by eligible coalitions that demonstrate they meet all requirements will then be scored through a peer review process according to the evaluation criteria described in the Application Review Information of this FOA. Each year, DFC recipients **must** demonstrate compliance with all of the Statutory Eligibility Requirements to be considered for continuation funding.

A DFC legal applicant (an organization applying on behalf of a coalition, the coalition, or the applicant coalition) **must** reside within the United States and/or the U.S. Territories. The intent of the DFC Support Program is to fund coalition activities in the United States and does not authorize the funding of organizations or activities outside the United States.

2. COST SHARING and MATCH REQUIREMENTS

The DFC authorizing legislation requires recipients to demonstrate that they have matching funds (“match”) from non-federal sources equivalent to or greater than federal funds requested from the DFC Support Program. Applicants **must** itemize the match separately in the budget and explain the match separately in the Budget Narrative. A sample Budget Narrative is provided in [Appendix F](#) of this FOA. Applicants in their first cycle of DFC funding (Year One - Year Five), and those in Year Six, are

required to have 100 percent match (1:1) from non-federal sources. Beginning in Year Seven, the percentage increases. The table below indicates the percentage of match required for DFC grant recipients in each year of the grant.

Table 2: Percentage of Match

Year of Funding Requested	Matching Requirement
1-6	100%
7-8	125%
9-10	150%

Cash or in-kind support may be used for the match requirement. In-kind support includes the value of goods and services donated to the operation of the DFC coalition, including but not limited to office space, volunteer secretarial services, pro bono accounting services, and other volunteer services to support the coalition's work. All match **must** follow federal cost principles (see Section IV-3). Applicants cannot submit match that would not be an allowable expense of DFC funds. A match level over the required amount **will not** result in a higher peer review score. All proposed match is an obligation on the part of the applicant.

Federal funds, including those passed through a state or local government cannot be used toward the required match. The only exception in the DFC Support Program is in the case of a coalition that includes a representative of the Bureau of Indian Affairs, the Indian Health Service, or a tribal government agency with expertise in the field of substance abuse and serving a tribal community.

IV. APPLICATION AND SUBMISSION INFORMATION

1. REQUIRED APPLICATION COMPONENTS

Applications must include all required application components. These components must be submitted in the order detailed below. Please refer to [Appendix A](#) and [Appendix B](#) for additional formatting and submission requirements (e.g., font size, page margins, Grants.gov instructions, etc.) and resources for obtaining assistance.

- **Application for Federal Assistance (SF-424):** This form **must** be completed by applicants for all SAMHSA grants. In addition, all applicants **must** provide a Dun and Bradstreet (DUNS) number and register in the System for Award Management (SAM). See [Appendix A](#) for information on how to obtain a DUNS number and register in SAM.

NOTE: If an applicant's SAM account expires, the renewal process requires the same validation with IRS and DoD (Cage Code) as a new account requires. This can take up to one month. It is highly recommended that applicants renew their accounts prior to the expiration date. The account update process takes only 24-48 hours.

- **Budget Information Form: Use SF-424A.** Fill out Sections B, C, and E of the SF- 424A. A sample budget and justification is included in [Appendix F](#) of this document. Your completed SF-424A should reflect the final numbers as they appear in your Budget Narrative.
- **Table of Contents: The bottom right corner of every page in the application must be numbered,** including the Attachments, beginning with the Table of Contents as page one. In the Table of Contents, include the page numbers for each of the major sections of the application and each attachment. Hand numbering of pages is allowable.
- **Community Overview:** The Community Overview describes the key features of the community. It should be no longer than 1 page in length.
- **Project Narrative:** The Project Narrative (Section V-5.3 of this FOA) describes the efforts the coalition will undertake to address youth substance use. It consists of five questions, and **must** be **at a minimum 10 pages and no longer than 15 pages.**
- **Budget Narrative:** The Budget Narrative (Appendix F) provides an itemized line item breakdown and narrative detail about both the federal request and the non-federal match.
- **Attachments 1 through 11:** Please clearly label each attachment provided. Applications with additional attachments **will not** receive a higher score. All attachments **must** be labeled and identified with a page number.
- **Assurances: Non-Construction Programs.** Applicants must read the list of assurances provided on the SAMHSA website at <http://www.samhsa.gov/grants/applying/forms-resources> and check the box marked ‘I Agree’ before signing the face page (SF-424) of the application. **Do not include the list of assurances with your application.**

- **Project Performance Site Location(s) Form:** The purpose of this form is to collect location information on the site(s) where work funded under this grant announcement will be performed. This form is included with the application package found on the Grants.gov website.
- **Disclosure of Lobbying Activities:** Federal law prohibits the use of appropriated funds for publicity or propaganda purposes or for the preparation, distribution, or use of the information designed to support or defeat legislation pending before the Congress or state legislatures. This includes “grassroots” lobbying, which consists of appeals to members of the public suggesting that they contact their elected representatives to indicate their support for or opposition to pending legislation or referendums/initiatives to urge those representatives to vote in a particular

way. This form is included in the application package and **must** be submitted by all applicants applying for a DFC grant. If not applicable please indicate on form.

- **Checklist:** The Checklist ensures that you have obtained the proper signatures, assurances, and certifications. **You must complete the entire form** including the top portion “Type of Application,” indicating this DFC application is a New (Year 1 or Year 6), and not a Non-Competing Continuation, Competing Continuation or Supplemental application, as well as Parts A through D. 2. APPLICATION SUBMISSION REQUIREMENTS

Applications are due by **11:59 PM** (Eastern Time) on **March 29, 2018**.

IMPORTANT APPLICATION INFORMATION: SAMHSA’s application procedures have changed. **All applicants must register with NIH’s eRA Commons in order to submit an application. This process takes up to six weeks. If you believe you are interested in applying for this opportunity, you MUST start the registration process immediately. Do not wait to start this process. If your organization is not registered and you do not have an active eRA Commons Program Director/Principal Investigator (PD/PI) account by the deadline, the application will not be accepted. No exceptions will be made.**

Applicants also must register with the System for Award Management (SAM) and Grants.gov (see Appendix A for all registration requirements).

3. FUNDING LIMITATIONS/RESTRICTIONS

Applicants responding to this announcement may request funding for a project period of up to 5 years, at no more than \$125,000 per year. Awards to support projects beyond the first budget year will be contingent upon Congressional appropriation, satisfactory progress in meeting the project’s objectives, and a determination that continued funding would be in the best interest of the Federal Government.

The funding restrictions for this project are as follows:

- Food is **generally unallowable**. Exceptions within the DFC Support Program may include food used as a small incentive (not to exceed \$3.00 per person) to encourage participation in a

community-wide event. Food costs are not allowable for general coalition or subcommittee meetings.

- No more than **10 percent** of the total federal grant award may be used for **data collection and evaluation** purposes unless approved by a SAMHSA Government Project Officer and Grants Management Specialist.
- DFC grant funds **may not** be passed through by contract or any other method to another entity to conduct the programmatic work on the DFC Program. The funded grant recipient and coalition are expected to perform the substantive role and manage the efforts carried out by this grant.
- The Authorized Representative or Business Official charged with financial oversight responsibilities for the DFC grant award **must** be an employee of the recipient organization and identified in the 'Personnel' budget category. **NOTE:** The Program Director/Principal Investigator (PD/PI) and Business Official **cannot** be the same individual.
- The Program Director/Principal Investigator (PD/PI) **must** be an employee of the recipient organization, overseeing the day to day operations of the grant, and **must** be identified in the 'Personnel' budget category as either Federal or Non-Federal.
- DFC grant funds **may not** be used to provide funding to community organizations through mini-grants, including one coalition funding another coalition.
- DFC grant funds **may not** be utilized for the following: law enforcement equipment, drug search detection canines or related training, drug courts, lighting, or community gardening efforts.
- DFC grant funds **may not** be used for stipends, as defined in the HHS Grants Policy Statement (GPS).
- Cost of Promotional items are **generally unallowable**. However, the exception would be for program outreach, and other specific purposes necessary to meet the requirements, goals, and objectives of the Federal grant award.

SAMHSA recipients must also comply with SAMHSA's standard funding restrictions, which are included in [Appendix D](#) Standard Funding Restrictions.

4. INTERGOVERNMENTAL REVIEW (E.O. 12372) REQUIREMENTS

All SAMHSA grant programs are covered under Executive Order (EO) 12372, as implemented through Department of Health and Human Services (HHS) regulation at 45 CFR Part 100. Under this Order, states may design their own processes for reviewing and commenting on proposed federal assistance under covered programs. See [Appendix N](#) for additional information on these requirements as well as requirements for the Public Health System Impact Statement.

V. APPLICATION REVIEW INFORMATION

1. EVALUATION CRITERIA

For FY 2018, there are five questions in the Project Narrative (Section A) and only these questions may be used when applying for FY 2018 DFC funding.

Failure to use the correct FOA will result in an application being screened out and not proceeding to peer review.

The DFC Support Program's peer review process utilizes current or former DFC grant award recipients and experienced substance abuse prevention specialists to serve as peer reviewers. Each application is assigned to a panel of three peer reviewers for scoring, and the composite of the three scores becomes the application's final score. Upon full completion of the statutory eligibility review process and review of final scores, ONDCP begins funding with the highest scoring grant until all funds are exhausted. DFC grants **are not** awarded based on how many DFC-funded coalitions are within a geographic boundary (e.g., state, county, or city).

NOTE: The DFC Act **requires that all** applications be considered and reviewed equally. A Year Six applicant's past DFC funding is **not** a factor in funding decisions.

2. APPLICATION SCORING INSTRUCTIONS

Peer reviewers will score the five questions that comprise the Project Narrative by totaling the points for each question to create a cumulative score (scores will range from 0 to 100 points). The scoring criteria can be found in [Appendix R](#) of this application.

3. PROJECT NARRATIVE SCORING

Applications that meet all of the DFC statutory eligibility requirements will go to peer review to be scored on a 100-point scale. The primary funding decision criterion is the application's final peer review score. All final grant award decisions will be made by ONDCP's DFC Administrator, consistent with the DFC Act of 1997. ONDCP may also take into consideration factors relating to rural, American Indian/Alaska Native, and economically disadvantaged communities.

4. REVIEW AND SELECTION PROCESS

Applications will be screened jointly by ONDCP and SAMHSA to determine whether applicants meet all Statutory Eligibility Requirements as outlined in Table 1. Applications submitted by coalitions that meet all Statutory Eligibility Requirements will then be scored by a peer review panel.

5. RESPONDING TO THE FOA

5.1 Community Overview (Not Scored)

The Community Overview should be placed after the Table of Contents. Type the heading **Community Overview**, then describe the community the applicant coalition intends to serve. This is the applicant's opportunity to educate the peer reviewers about the community, enabling them to understand the context in which the coalition will operate. The Community Overview is **not** scored, does **not** count toward the **15 page limit**, can be **no more than** one page in length, and should include the following information:

- Describe the community, including demographics and aspects of diversity such as age, race, ethnicity, gender, socioeconomic status, culture, religion, sexual orientation, and gender identity.
- Provide a historical perspective focusing on shifts or events that have had an impact on youth substance use.

5.2 SECTION A: PROJECT NARRATIVE (SCORED: MAXIMUM OF 100 POINTS)

In writing the Project Narrative use the instructions below that have been tailored to the DFC Support Program.

- The Project Narrative **must** be **at a minimum 10 pages and no longer than 15 pages**. Applications with a Project Narrative that exceeds the **15 page limit** will be deemed ineligible and **will not** go to peer review.
- Restrictions related to font size and page margins found in [Appendix B](#) **must** be followed or the application will be deemed ineligible and **will not** proceed to peer review.
- Respond to each question individually, building upon previous responses so all answers together tell a cohesive story of the community, the coalition, and their efforts to prevent and reduce youth substance use.
- Write all responses and required information under the correct question. Answer each question completely. In the event an applicant cannot respond to a specific element, the applicant **must** explain why they are unable to respond and offer a possible solution. The Project Narrative will be scored by how well each of the elements is answered.
- **Do not** direct peer reviewers to a previous answer in response to another question.
- **Do not** direct peer reviewers to documents in the Attachments.

5.3 Section A: Project Narrative Questions

The following **five questions** enable applicants to tell the story of their current and planned efforts to prevent youth substance use in their community. Bolded questions are followed by lettered items outlining the **required** components of each response. Applicants are required to type the question number followed by the **bolded** question. Applicants are **required to retype the letter** and not the entire bullet. Responses **must** follow each question and address all letters.

VI. FEDERAL AWARD ADMINISTRATION INFORMATION

1. REPORTING REQUIREMENTS

Program Specific:

Recipients **must** comply with the data reporting requirements listed in Section I-2.4 Data Collection:

- Each year, DFC grant award recipients are required to submit two DFC Program progress reports, submitted in February and August, an annual Coalition Classification Tool (CCT) survey submitted in August. Full details regarding specific due dates will be provided in the Terms and Conditions of the DFC grants award.

Grants Management:

Successful applicants must also comply with the following standard grants management reporting and schedules at <https://www.samhsa.gov/grants/grants-management/reporting-requirements>, unless otherwise noted in the FOA or Notice of Award.

2. FEDERAL AWARD NOTICES

Prior to the end of **September 2018**, the list of awardees will be posted on the DFC website at <https://www.whitehouse.gov/ondcp/grants-programs>. For all awardees, a Notice of Award (NoA) will then be sent electronically to the individual listed as the Business Official on the Application for Federal Assistance. The NoA is the sole obligating document that allows the grant recipient to receive federal funding for work on the grant project.

If you are approved for funding, a Notice of Award (NoA) will be emailed to the Business Official's (BO) and Project Director/Principal Investigator's (PD/PI) email address identified on the HHS Checklist form submitted with the application. Hard copies of the NoA will no longer be mailed via postal service. Information about what is included in the NoA can be found at: <https://www.samhsa.gov/grants/grants-management/notice-award-noa>.

If you are not funded, you will receive a notification from SAMHSA, via NIH's eRA Commons, that will describe the process for how you can view the general results of the review of your application, including the peer reviewers comments and the score that your application received.

Appendix A – Application and Submission Requirements

IMPORTANT APPLICATION INFORMATION: SAMHSA’s application procedures have changed. All applicants must register with NIH’s eRA Commons in order to submit an application. This process takes up to six weeks. If you believe you are interested in applying for this opportunity, you **MUST** start the registration process immediately. Do not wait to start this process. **If your organization is not registered and you do not have an active eRA Commons PI account by the deadline, the application will not be accepted.** No exceptions will be made.

Applicants also must register with the System for Award Management (SAM) and Grants.gov (see below for all registration requirements).

1. GET REGISTERED

You are required to complete **four registration processes**:

1. Dun & Bradstreet Data Universal Numbering System (to obtain a DUNS number);
2. System for Award Management (SAM);
3. Grants.gov; and
4. eRA Commons.

If this is your first time submitting an application, you must complete all four registration processes. If you have already completed registrations for DUNS, SAM, and Grants.gov, you need to ensure that your accounts are still active, and then register in **eRA Commons**. If you have not registered in Grants.gov, the registration for Grants.gov and eRA Commons can be done concurrently. You must register in eRA Commons and receive a Commons Username in order to have access to electronic submission, receive notifications on the status of your application, and retrieve grant information. **If your organization is not registered and does not have an active eRA Commons PI account by the deadline, the application will not be accepted.**

The organization must maintain an active and up-to-date SAM and DUNS registrations in order for SAMHSA to make an award. If your organization is not compliant when SAMHSA is ready to make an award, SAMHSA may determine that your organization is not qualified to receive an award and use that determination as the basis for making an award to another applicant.

1.1 Dun & Bradstreet Data Universal Numbering System (DUNS) Registration

SAMHSA applicants are required to obtain a valid DUNS Number, also known as the Unique Entity Identifier, and provide that number in the application. Obtaining a DUNS number is easy and there is no charge.

To obtain a DUNS number, access the Dun and Bradstreet website at: <http://www.dnb.com> or call 1-866-705-5711. To expedite the process, let Dun and Bradstreet know that you are a public/private nonprofit organization getting ready to submit a federal grant application. **The DUNS number you use on your application must be registered and active in the System for Award Management (SAM).**

1.2 System for Award Management (SAM) Registration

You must also register with the System for Award Management (SAM) and continue to maintain active SAM registration with current information during the period of time your organization has an active federal award or an application under consideration by an agency (unless you are an individual or federal agency that is exempted from those requirements under 2 CFR § 25.110(b) or (c), has an exception approved by the agency under 2 CFR § 25.110(d)). To create a SAM user account, Register/Update your account, and/or Search Records, go to <https://www.sam.gov>.

It is also highly recommended that you renew your account prior to the expiration date. **SAM information must be active and up-to-date, and should be updated at least every 12 months to remain active (for both recipients and sub-recipients).** Once you update your record in SAM, it will take 48 to 72 hours to complete the validation processes. Grants.gov rejects electronic submissions from applicants with expired registrations.

If your SAM account expires, the renewal process requires the same validation with IRS and DoD (Cage Code) as a new account requires. The renewal process can take up to one month.

1.3 Grants.gov Registration

[Grants.gov](https://www.grants.gov) is an online portal for submitting federal grant applications. It requires a one-time registration in order to submit applications. While Grants.gov registration is a one-time only registration process, it consists of multiple sub-registration processes (i.e., DUNS number and SAM registrations) before you can submit your application. [Note: eRA Commons registration is separate].

You can register to obtain a Grants.gov username and password at <http://www.grants.gov/web/grants/register.html>.

If you have already completed Grants.gov registration and ensured your **Grants.gov and SAM accounts are up-to-date and/or renewed**, please skip this section and focus on the eRA Commons registration steps noted below. If this is your first time submitting an application through Grants.gov, registration information can be found at the Grants.gov “[Applicants](#)” tab.

The person submitting your application must be properly registered with Grants.gov as the Authorized Organization Representative (AOR) for the specific DUNS number cited on the SF-424 (first page). See the Organization Registration User Guide for details at the following Grants.gov link: <http://www.grants.gov/web/grants/applicants/organization-registration.html>.

1.4 eRA Commons Registration

eRA Commons is an online interface managed by NIH that allows applicants, recipients, and federal staff to securely share, manage, and process grant-related information. Organizations applying for SAMHSA funding must register in eRA Commons. This is a one-time registration, separate from Grants.gov registration. In addition to the organization registration, Business Officials and Program

Director/Principal Investigator (PD/PI) listed as key personnel on SAMHSA applications must also register in eRA Commons and receive a Commons ID in order to have access to electronic submission and retrieval of application/grant information. It is strongly recommended that you start the eRA Commons registration process **at least six (6) weeks** prior to the application due date. **If your organization is not registered and does not have an active eRA Commons PI account by the deadline, the application will not be accepted.**

For organizations registering with eRA Commons for the first time, either the Authorized Organization Representative (AOR) from the SF-424 or the Business Official (BO) from the HHS Checklist must complete the online [Institution Registration Form](#). Instructions on how to complete the online Institution Registration Form is provided on the eRA Commons Online Registration Page.

[Note: You must have a valid and verifiable DUNS number to complete the eRA Commons registration.]

After the organization's representative (AOR or BO) completes the online Institution Registration Form and clicks Submit, the eRA Commons will send an e-mail notification from era-notify@mail.nih.gov with the link to confirm the email address. Once the e-mail address is verified, the registration request will be reviewed and confirmed via email. If your request is denied, the representative will receive an email detailing the reason for the denial. If the request is approved, the representative will receive an email with a Commons User ID (with the Signing Official 'SO' role) and temporary password. The representative will need to log into Commons with the temporary password, at which time the system will provide prompts to change the temporary password to one of their choosing. Once the designated contact Signing Official (SO) signs the registration request, the organization will be active in Commons and any user with the SO role will be able to create and maintain additional accounts for the organization's staff, including accounts for those designated as Program Director/Principal Investigator (PD/PI).

Important: The eRA Commons requires organizations to identify at least one SO, who can be either the AOR from the SF-424 or the BO from the HHS Checklist, and at least one Program Director/Principal Investigator (PD/PI) account in order to submit an application. The primary SO must create the account for the PD/PI listed as the PD/PI role on the HHS Checklist assigning that person the 'PI' role in Commons. Note that you must enter the PD/PI's Commons Username into the 'Applicant Identifier' field of the SF-424 document.

You can find additional information about the eRA Commons registration process at https://era.nih.gov/reg_accounts/register_commons.cfm.

2. APPLICATION COMPONENTS

You must complete your application using eRA ASSIST, Grants.gov Workspace or another system to system provider. You will also need to go to the SAMHSA website to download the required documents you will need to apply for a SAMHSA grant or cooperative agreement. **(PDF application packages used in previous years will not be supported by Grants.gov after December 31, 2017.)**

2.1 How to Download the Application Package (Grants.gov)

On the Grants.gov site (<http://www.Grants.gov>), select the ‘Apply for Grants’ option from the ‘Applicants’ Tab at the top of the screen. You will be directed to the ‘[Apply for Grants](#)’ page. Click on the ‘Get Application Package’ tab located on the right of the Grants.gov ‘Apply for Grants’ page. You will be directed to the ‘[Get Application Package](#)’ page where you will search for the appropriate funding announcement number (called the funding opportunity number) or the Catalogue of Federal Domestic Assistance (CFDA) number. You can find the funding announcement number and CFDA number on the cover page of the FOA.

For more information on the application download process, go to the Grants.gov ‘Apply for Grants’ page. Download both the Application Instruction and Application Package on the ‘Apply for Grants’ page. You can view, print, or save all the forms in the Application Package and then complete them for electronic submission to Grants.gov. Completed forms can also be saved and printed for your records.

2.2 Additional Documents for Submission (SAMHSA Website)

You will find additional materials you will need to complete your application on the SAMHSA website at <http://www.samhsa.gov/grants/applying/forms-resources>.

For a **full list of required application components**, refer to [Section II-3.1, Required Application Components](#).

3. WRITE AND COMPLETE APPLICATION

After downloading and retrieving the required application components and completing the registration processes, it is time to write and complete your application. With SAMHSA’s transition to NIH’s eRA grants system, there are **new application formatting requirements and validations**. All files uploaded with the Grants.gov application **MUST** be in **Adobe PDF** file format. Directions for creating PDF files can be found on the Grants.gov website. Please see [Appendix B](#) for all application formatting and validation requirements. **Applications that do not comply with these requirements will be screened out and will not be reviewed.**

SAMHSA strongly encourages you to sign up for Grants.gov email notifications regarding this FOA. If the FOA is cancelled or modified, individuals who sign up with Grants.gov for updates will be automatically notified.

4. SUBMIT APPLICATION

4.1 Electronic Submission (Grants.gov, ASSIST)

After completing all required registration and application requirements, SAMHSA requires applicants to **electronically submit** using eRA ASSIST, Grants.gov Downloadable Forms, Grants.gov Workspace or another system to system provider. Information on each of these options is below:

- 1) **ASSIST** – The Application Submission System and Interface for Submission Tracking (ASSIST) is an NIH sponsored online interface used to prepare applications using the SF424 form set, submit electronically through Grants.gov to SAMHSA and other participating agencies, and track grant applications. [Note: ASSIST requires an eRA Commons ID to access the system]

- 2) **Grants.gov Downloadable Forms** – You can download an application package from Grants.gov, complete the forms offline, submit the completed forms to Grants.gov, and track your application in eRA Commons.
- 3) **Grants.gov Workspace** – You can use the shared, online environment of the Grants.gov Workspace to collaboratively work on different forms within the application package.

The specific actions you need to take to submit your application will vary by submission method as listed above. The steps to submit your application are as follows:

To submit to Grants.gov using ASSIST: [eRA Modules, User Guides, and Documentation | Electronic Research Administration \(eRA\)](#)

To submit to Grants.gov using downloadable forms are available at: [STEP 3: Submit an Application Package | GRANTS.GOV](#)

To submit to Grants.gov using the Grants.gov Workspace:

<http://www.grants.gov/web/grants/applicants/workspace-overview.html>

Regardless of the option you use, your application will be subject to the same registration requirements, completed with the same data items, routed through Grants.gov, validated against the same agency business rules, assembled in a consistent format for review consideration, and tracked in eRA Commons. All applications that are successfully submitted must be validated by Grants.gov before proceeding to the NIH eRA Commons system and validations.

On-time submission requires that electronic applications be error-free and made available to SAMHSA for processing from the NIH eRA system on or before the application due date and time. Applications must be submitted to and validated successfully by Grants.gov and eRA Commons no later than **11:59 PM** Eastern Time on the application due date.

You are strongly encouraged to allocate additional time prior to the submission deadline to submit your application and to correct errors identified in the validation process. You are also encouraged to check the status of your application submission to determine if the application is complete and error-free.

If you encounter problems when submitting their applications in Grants.gov, you must attempt to resolve them by contacting the Grants.gov Help Desk at:

- By e-mail: support@grants.gov
- By phone: (toll-free) 1-800-518-4726 (1-800-518-GRANTS). The Grants.gov Contact Center is available 24 hours a day, 7 days a week, excluding federal holidays.

Make sure you receive a case/ticket/reference number that documents the issues/problems with Grants.gov.

Additional support is also available from the NIH eRA Service desk at:

- By e-mail: <http://grants.nih.gov/support/index.html>
- By phone: 301-402-7469 or (toll-free) 1-866-504-9552. The NIH eRA Service desk is available Monday – Friday, 7 a.m. to 8 p.m. Eastern Time, excluding federal holidays.

If you experience problems accessing or using ASSIST (see below), you can:

- Access the ASSIST Online Help Site at: <https://era.nih.gov/erahelp/assist/>
- Or contact the eRA Help Desk

SAMHSA highly recommends that you submit your application 24-72 hours before the submission deadline. Many submission issues can be fixed within that time and you can attempt to re-submit.

4.2 Waiver of Electronic Submission

Some applicants living in remote and rural areas may be unable to submit electronically through the eRA Commons/Grants.gov portals because their physical location does not have adequate access to the Internet. Inadequate Internet access is defined as persistent and unavoidable access problems/issues that would make compliance with the electronic submission requirement a hardship.

In these cases, applicants may request a waiver of the electronic submission requirement. The process for applying for a waiver is described below.

All applicants must register in the eRA Commons system, System for Award Management (SAM) and Grants.gov, even those who intend to request a waiver. If you do not have an active SAM registration prior to submitting your application, it will be screened out and returned to you without review.

A written waiver request must be received by SAMHSA at least 30 days in advance of the application due date stated on the cover page of this FOA. The request must be either e-mailed to christopher.craft@samhsa.hhs.gov, or mailed to:

Christopher Craft, Director of Grant Review
Office of Financial Resources
Substance Abuse and Mental Health Services Administration
Room 17E06
5600 Fishers Lane
Rockville, MD 20857

Applicants are encouraged to request a waiver by e-mail, when possible. When requesting a waiver, the following information **must** be included:

- SAMHSA FOA title and announcement number;
- Name, address, and telephone number of the applicant organization as they will appear in the application;

- Applicant organization's DUNS number;
- Authorized Organization Representative (AOR) for the named applicant;
- Name, telephone number, and e-mail of the applicant organization's Contact Person for the waiver; and
- Details of why the organization is unable to submit electronically through the Grants.gov portal, explaining why their physical location does not have adequate access to the Internet.

The Office of Grant Review will either e-mail (if the waiver request was received by e-mail) or express mail/deliver (if the waiver request was received by mail) the waiver decision to the Contact Person no later than seven calendar days prior to the application due date. If the waiver is approved, a paper application must be submitted. SAMHSA **will not** accept any applications that are sent by e-mail or facsimile or hand carried. If the waiver is disapproved, the applicant organization must be prepared to submit through eRA Commons/Grants.gov or forfeit the opportunity to apply. The written approval **must** be included as the cover page of the paper application and the application must be received by the due date.

A paper application **will not** be accepted without the waiver approval and will be returned to the applicant if it is not included. Paper applications received after the due date will not be accepted.

Questions on applying for a waiver may be directed to SAMHSA's Division of Grant Review, 240-276-1199.

5. AFTER SUBMISSION

5.1 System Validations and Tracking

After you complete and comply with all registration and application requirements and submit your application, the application will be validated by Grants.gov. You will receive a notification that your application is being processed. You will receive two additional e-mails from Grants.gov within the next 24-48 hours (one notification email will confirm receipt of the application in Grants.gov, and the other notification email will indicate that the application was either successfully validated by the Grants.gov system or rejected due to errors). It is important that you retain this Grants.gov tracking number.

Receipt of the Grants.gov tracking number is the only indication that Grants.gov has successfully received and validated your application. If you do not receive a Grants.gov tracking number, you may want to contact the Grants.gov help desk for assistance.

If Grants.gov identifies any errors and rejects your application with a "Rejected with Errors" status, you must address all errors and submit again. If no problem is found, Grants.gov will allow the eRA system to retrieve the application and check it against its own agency business rules (eRA Commons Validations).

After you successfully submit your application through Grants.gov, your application will go through eRA Commons validations. You must check your application status in eRA Commons. You must have

an eRA Commons ID in order to have access to electronic submission and retrieval of application/grant information.

If no errors are found, the application will be assembled in the eRA Commons. At this point, you can view your application in eRA commons. It will then be forwarded to SAMHSA as the receiving institution for further review. If errors are found, you will receive a System Error and/or Warning notification regarding the problems found in the application. You must take action to make the required corrections, and re-submit the application through Grants.gov before the application due date and time.

You are responsible for viewing and tracking your applications in the eRA Commons after submission through Grants.gov to ensure accurate and successful submission. Once you are able to access your application in the eRA Commons, be sure to review it carefully as this is what reviewers will see.

5.2 eRA Commons: Warning vs. Error Notifications

You may receive a System Warning and/or Error notification after submitting an application. Take note that there is a distinction between System Errors and System Warnings.

Warnings – If you receive a Warning notification after the application is submitted, you are not required to resubmit the application. The reason for the Warning will be identified in the notification. It is at your discretion to choose to resubmit, but if the application was successfully received, it does not require any additional action.

Errors – If you receive an Error notification after the applications is submitted, you must correct and resubmit the application. The word Error is used to characterize any condition which causes the application to be deemed unacceptable for further consideration.

5.3 System or Technical Issues

If you encounter a system error that prevents you from completing the application submission process on time, the BO from your organization will receive an email notification from eRA Commons. SAMHSA highly recommends contacting the eRA Help Desk and submitting a web ticket to document your good faith attempt to submit your application, and determining next steps. See [4.1](#) for more information on contacting the eRA Help Desk.

5.4 Resubmitting a Changed/Corrected Application

If SAMHSA does not receive your application by the application due date as a result of a failure in the SAM, Grants.gov, or NIH's eRA Commons systems, you must contact the Division of Grant Review within **one business day after the official due date at: dgr.applications@samhsa.hhs.gov** and provide the following:

- A case number or email from SAM, Grants.gov, and/or NIH's eRA system that allows SAMHSA to obtain documentation from the respective entity for the cause of the error.

SAMHSA will consider the documentation to determine **if** you followed Grants.gov and NIH's eRA requirements and instructions, met the deadlines for processing paperwork within the recommended time limits, met FOA requirements for submission of electronic applications, and made no errors that caused submission through Grants.gov or NIH's eRA to fail. No exceptions for submission are allowed when user error is involved. Please note that system errors are extremely rare.

[Note: When resubmitting an application, please ensure that the **Project Title is identical to the Project Title in the originally submitted application** (i.e., no extra spacing) as the Project Title is a free-text form field.]

Appendix B – Formatting Requirements and System Validation

1. SAMHSA FORMATTING REQUIREMENTS

SAMHSA’s goal is to review all applications submitted for grant funding. However, this goal must be balanced against SAMHSA’s obligation to ensure equitable treatment of applications. For this reason, SAMHSA has established certain formatting requirements for its applications. See below for a list of formatting requirements required by SAMHSA:

- Text must be legible. Pages must be typed in black, single-spaced, using a font of Times New Roman 12, with all margins (left, right, top, bottom) at least one inch each. You may use Times New Roman 10 only for charts or tables.
- You must submit your application and all attached documents in Adobe PDF format or your application will not be forwarded to eRA Commons and will not be reviewed.
- To ensure equity among applications, page limits for the Project Narrative cannot be exceeded.
- Black print should be used throughout your application, including charts and graphs (no color).
- The page limits for Attachments stated in the FOA: Section IV-1 should not be exceeded.

If you are submitting more than one application under the same announcement number, you must ensure that the Project Title in Field 15 of the SF-424 is unique for each submission.

2. GRANTS.GOV FORMATTING AND VALIDATION REQUIREMENTS

- Grants.gov allows the following list of UTF-8 characters when naming your attachments: A-Z, a-z, 0-9, underscore, hyphen, space, and period. Other UTF-8 characters should not be used as they will not be accepted by NIH’s eRA Commons, as indicated in item #10 in the table below.
- Scanned images must be scanned at 150-200 dpi/ppi resolution and saved as a PDF file. Using a higher resolution setting or different file type will result in a larger file size, which could result in rejection of your application.
- Any files uploaded or attached to the Grants.gov application must be PDF file format and must contain a valid file format extension in the filename. In addition, the use of compressed file formats such as ZIP, RAR or Adobe Portfolio will not be accepted.

3. eRA COMMONS FORMATTING AND VALIDATION REQUIREMENTS

The following table is a list of formatting requirements and system validations required by eRA Commons and will result in errors if not met. The application must be 'error free' to be processed through the eRA Commons. There may be additional validations which will result in Warnings but these will not prevent the application from processing through the submission process.

If you do not adhere to these requirements, you will receive an email notification from era-notify@mail.nih.gov to take action and adhere to the requirements so that your application can be processed successfully. It is highly recommended that you submit your application 24-72 hours before the submission deadline to allow for sufficient time to correct errors and resubmit the application. If you experience any system validation or technical issues after hours on the application due date, contact the eRA Help Desk and submit a Web ticket to document your good-faith attempt to submit your application.

Appendix C – Developing Measureable Objectives

To be able to effectively evaluate your project, it is critical that you develop measurable objectives. This appendix provides information on developing objectives. It also provides examples of well-written measurable objectives.

OBJECTIVES

Definition – Objectives describe the results to be achieved and the manner in which they will be achieved. Multiple objectives are generally needed to address a single goal. Well-written objectives help set program priorities and targets for progress and accountability. It is recommended that you avoid verbs that may have vague meanings to describe the intended outcomes, like “understand” or “know” because it may prove difficult to measure them. Instead, use verbs that document action, such as: “By the end of 2018, 75 percent of program participants will be *placed* in permanent housing.”

In order to be effective, objectives should be clear and leave no room for interpretation. **SMART** is a helpful acronym for developing objectives that are *specific, measurable, achievable, realistic, and time-bound*:

Specific – Includes the “who” and “what” of program activities. Use only one action verb to avoid issues with measuring success. For example, “Outreach workers will administer the HIV risk assessment tool to at least 100 injection drug users in the population of focus” is a more specific objective than “Outreach workers will use their skills to reach out to drug users on the street.”

Measurable – How much change is expected. It must be possible to count or otherwise quantify an activity or its results. It also means that the source of and mechanism for collecting measurement data can be identified and that collection of the data is feasible for your program. A baseline measurement is required to document change (e.g., to measure the percentage of increase or decrease). If you plan to use a specific measurement instrument, it is recommended that you incorporate its use into the objective. Example: By 9/18 increase by 10 percent the number of 8th, 9th, and 10th grade students who disapprove of marijuana use as measured by the annual school youth survey.

Achievable – Objectives should be attainable within a given time frame and with available program resources. For example, “The new part-time nutritionist will meet with seven teenage mothers each week to design a complete dietary plan” is a more achievable objective than “Teenage mothers will learn about proper nutrition.”

Realistic – Objectives should be within the scope of the project and propose reasonable programmatic steps that can be implemented within a specific time frame. For example, “Two ex-gang members will make one school presentation each week for two months to raise community awareness about the presence of gangs” is a more realistic objective than “Gang-related violence in the community will be eliminated.”

Time-bound – Provide a time frame indicating when the objective will be measured or a time by when the objective will be met. For example, “Five new peer educators will be recruited by the second quarter of the first funding year” is a better objective than “New peer educators will be hired.”

Examples:

Non-SMART Objective	Critique	SMART Objective
Teachers will be trained on the selected evidence-based substance abuse prevention curriculum.	The objective is not SMART because it is not <i>specific</i> , <i>measurable</i> , or <i>time-bound</i> . It can be made SMART by <i>specifically</i> indicating who is responsible for training the teachers, how many will be trained, who they are, and by when the trainings will be conducted.	<i>By June 1, 2018, LEA supervisory staff will have trained 75% of health education teachers in the local school district on the selected, evidence-based substance abuse prevention curriculum.</i>
90% of youth will participate in classes on assertive communication skills.	This objective is not SMART because it is not <i>specific</i> or <i>time-bound</i> . It can be made SMART by indicating <i>who</i> will conduct the activity, <i>by when</i> , and <i>who</i> will participate in the lessons on assertive communication skills.	<i>By the end of the 2018 school year, district health educators will have conducted classes on assertive communication skills for 90% of youth in the middle school receiving the substance abuse and HIV prevention curriculum.</i>
Train individuals in the community on the prevention of prescription drug/opioid overdose-related deaths.	This objective is not SMART as it is not <i>specific</i> , <i>measurable</i> or <i>time-bound</i> . It can be made SMART by specifically indicating <i>who</i> is responsible for the training, <i>how many</i> people will be trained, <i>who</i> they are, and by <i>when</i> the training will be conducted.	<i>By the end of year two of the project, the Health Department will have trained 75% of EMS staff in the County Government on the selected curriculum addressing the prevention of prescription drug/opioid overdose-related deaths.</i>

Appendix D – Standard Funding Restrictions

HHS codified the *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards*, 45 CFR Part 75. In Subpart E, cost principles are described and allowable and unallowable expenditures for HHS recipients are delineated. 45 CFR Part 75 is available at <http://www.samhsa.gov/grants/grants-management/policies-regulations/requirements-principles>. Unless superseded by program statute or regulation, follow the cost principles in 45 CFR Part 75 and the standard funding restrictions below.

SAMHSA grant funds must be used for purposes supported by the program and may not be used to:

- Exceed Salary Limitation: The Consolidated Appropriations Act, 2016 (Pub. L. 113-76) signed into law on January 10, 2016, limits the salary amount that may be awarded and charged to SAMHSA grants and cooperative agreements. Award funds may not be used to pay the salary of an individual at a rate in excess of Executive Level II. The Executive Level II salary can be found in SAMHSA's standard terms and conditions for all awards at <https://www.samhsa.gov/grants/grants-management/notice-award-noa/standard-terms-conditions>. This amount reflects an individual's base salary exclusive of fringe and any income that an individual may be permitted to earn outside of the duties to the applicant organization. This salary limitation also applies to sub awards/subcontracts under a SAMHSA grant or cooperative agreement.
- Pay for any lease beyond the project period.
- Provide treatment and recovery services to incarcerated populations (defined as those persons in jail, prison, detention facilities, or in custody where they are not free to move about in the community).
- Pay for the purchase or construction of any building or structure to house any part of the program. (Applicants may request up to \$75,000 for renovations and alterations of existing facilities, if necessary and appropriate to the project.)
- Pay for housing other than residential mental health and/or substance abuse treatment.
- Provide residential or outpatient treatment services when the facility has not yet been acquired, sited, approved, and met all requirements for human habitation and services provision. (Expansion or enhancement of existing residential services is permissible.)
- Provide inpatient treatment or hospital-based detoxification services. Residential services are not considered to be inpatient or hospital-based services.
- Cover unallowable costs associated with the use of federal funds are permitted to fund evidence-based practices (EBPs). Other sources of funds may be used for unallowable costs (e.g., meals, sporting events, entertainment). Other support is defined as funds or resources,

whether federal, non-federal or institutional, in direct support of activities through fellowships, gifts, prizes, or in-kind contributions.

- Make direct payments to individuals to induce them to enter prevention or treatment services. However, SAMHSA discretionary grant funds may be used for non-clinical support services (e.g., bus tokens, child care) designed to improve access to and retention in prevention and treatment programs.
- Make direct payments to individuals to encourage attendance and/or attainment of prevention or treatment goals.

Note: SAMHSA discretionary grant funds may be used for non-cash incentives up to \$30. Incentives should be the minimum amount necessary to meet the programmatic and performance assessment goals of the grant. Applicants should determine the minimum amount that is proven effective by consulting with existing local programs and reviewing the relevant literature.

SAMHSA policy allows an individual participant to receive more than one incentive over the course of the program. A recipient or treatment or prevention provider may provide up to \$30 non-cash incentive to individuals to participate in required data collection follow up. This amount may be paid for participation in each required follow up interview.

- Meals are generally unallowable unless they are an integral part of a conference grant or specifically stated as an allowable expense in the FOA. Grant funds may be used for light snacks, not to exceed \$3.00 per person.
- Consolidated Appropriations Act, 2016, Division H states, SEC. 520, notwithstanding any other provision of this Act, no funds appropriated in this Act shall be used to purchase sterile needles or syringes for the hypodermic injection of any illegal drug. Provided, that such limitation does not apply to the use of funds for elements of a program other than making such purchases if the relevant state or local health department, in consultation with the Centers for Disease Control and Prevention, determines that the state or local jurisdiction, as applicable, is experiencing, or is at risk for, a significant increase in hepatitis infections or an HIV outbreak due to injection drug use, and such program is operating in accordance with state and local law. Contact the GPO for further guidance.
- Pay for pharmaceuticals for HIV antiretroviral therapy, sexually transmitted diseases (STD)/sexually transmitted illnesses (STI), tuberculosis (TB), and hepatitis B and C, or for psychotropic drugs.
- Outside individuals or companies that prepare or participate in the preparation of grant applications may not be contractors on those grants per 45 CFR 75.328, which addresses full and open competition.

SAMHSA strongly encourages all recipients to provide a tobacco-free workplace and to promote abstinence from all tobacco products (except in regard to accepted tribal traditions and practices).

Appendix E – Administrative and National Policy Requirements

If your application is funded, you must comply with all terms and conditions of the NoA. SAMHSA's standard terms and conditions are available on the SAMHSA website at <http://www.samhsa.gov/grants/grants-management/notice-award-noa/standard-terms-conditions>.

HHS Grants Policy Statement (GPS)

If your application is funded, you are subject to the requirements of the HHS Grants Policy Statement (GPS) that are applicable based on recipient type and purpose of award. This includes any requirements in Parts I and II of the HHS GPS that apply to the award. The HHS GPS is available at <http://www.samhsa.gov/grants/grants-management/policies-regulations/hhs-grants-policy-statement>. The general terms and conditions in the HHS GPS will apply as indicated unless there are statutory, regulatory, or award-specific requirements to the contrary (as specified in the NoA).

HHS Grant Regulations

If your application is funded, you must also comply with the administrative requirements outlined in 45 CFR Part 75. For more information see the SAMHSA website at <http://www.samhsa.gov/grants/grants-management/policies-regulations/requirements-principles>.

Additional Terms and Conditions

Depending on the nature of the specific funding opportunity and/or your proposed project as identified during review, SAMHSA may negotiate additional terms and conditions with you prior to grant award. These may include, for example:

- requirements relating to additional data collection and reporting;
- requirements relating to participation in a cross-site evaluation;
- requirements to address problems identified in review of the application; or revised budget and narrative justification.

Performance Goals and Objectives

If your application is funded, you will be held accountable for the information provided in the application relating to performance targets. SAMHSA program officials will consider your progress in meeting goals and objectives, as well as your failures and strategies for overcoming them, when making an annual recommendation to continue the grant and the amount of any continuation award. Failure to meet stated goals and objectives may result in suspension or termination of the grant award, or in reduction or withholding of continuation awards.

Accessibility Provisions for All Grant Application Packages and Funding Opportunity Announcements

Recipients of federal financial assistance (FFA) from HHS must administer their programs in compliance with federal civil rights law. This means that recipients of HHS funds must ensure equal access to their programs without regard to a person's race, color, national origin, disability, age and, in some circumstances, sex and religion. This includes ensuring your programs are accessible to persons with limited English proficiency. HHS provides guidance to recipients of FFA on meeting their legal obligation to take reasonable steps to provide meaningful access to their programs by persons with limited English proficiency. See <http://www.hhs.gov/civil-rights/for-individuals/special-topics/limited-english-proficiency/index.html>. The HHS Office for Civil Rights also provides guidance on complying with civil rights laws enforced by HHS. See <http://www.hhs.gov/ocr/civilrights/understanding/section1557/index.html>; and <http://www.hhs.gov/civil-rights/for-providers/index.html>. Recipients of FFA also have specific legal obligations for serving qualified individuals with disabilities. See <http://www.hhs.gov/ocr/civilrights/understanding/disability/index.html>. Contact the HHS Office for Civil Rights for more information about obligations and prohibitions under federal civil rights laws at <https://www.hhs.gov/ocr/about-us/contact-us/index.html> or call 1-800-368-1019 or TDD 1-800-537-7697. Also note it is an HHS Departmental goal to ensure access to quality, culturally competent care, including long-term services and supports, for vulnerable populations. For further guidance on providing culturally and linguistically appropriate services, recipients should review the National Standards for Culturally and Linguistically Appropriate Services (CLAS) in Health and Health Care at <https://minorityhealth.hhs.gov/omh/browse.aspx?lvl=2&lvlid=53>.

Cultural and Linguistic Competence

Recipients of federal financial assistance (FFA) from HHS serve culturally and linguistically diverse communities that are not just defined by race or ethnicity, but also socio-economic status, sexual orientation, gender identity, physical and mental ability, age, and other factors. Organizational behaviors, practices, attitudes, and policies across all SAMHSA-supported entities respect and respond to the cultural diversity of communities, clients and students served.

If your application is funded, you must ensure access to quality health care for all. Quality care means access to services, information, and materials delivered by trained providers in a manner that factor in the language needs, health literacy, culture, and diversity of the populations served. Quality also means that data collection instruments used should adhere to culturally and linguistically appropriate norms. For additional information and guidance, refer to the National Standards for Culturally and Linguistically Appropriate Services (CLAS) published by the U.S. Department of Health and Human Services at <https://www.thinkculturalhealth.hhs.gov/>. Additional cultural/linguistic competency and health literacy tools, and resources are available online at <http://www.samhsa.gov/capt/applying-strategic-prevention/cultural-competence>

Acknowledgement of Federal Funding

As required by HHS appropriations acts, all HHS recipients must acknowledge Federal funding when issuing statements, press releases, requests for proposals, bid invitations, and other documents describing projects or programs funded in whole or in part with Federal funds. Recipients are required

to state (1) the percentage and dollar amounts of the total program or project costs financed with Federal funds and (2) the percentage and dollar amount of the total costs financed by nongovernmental sources

DOMA: Implementation of United States v. Windsor and Federal Recognition of Same-Sex Spouses/Marriages

A special term of award may be included in the final NoA that states: “On June 26, 2013, in United States v. Windsor, the Supreme Court held that section 3 of the Defense of Marriage Act (DOMA), which prohibited federal recognition of same-sex marriages, was unconstitutional. As a result of that decision and consistent with HHS policy, SAMHSA recognizes same-sex marriages and same-sex spouses on equal terms with opposite sex-marriages and opposite-sex spouses, regardless of where the couple resides. On June 26, 2015, in Obergefell v. Hodges, the Court held that the Fourteenth Amendment requires a State to license a marriage between two people of the same sex and to recognize a marriage between two people of the same sex when their marriage was lawfully licensed and performed out-of-state. Consistent with both of these decisions, you must treat as valid the marriages of same- sex couples. This policy does not apply to registered domestic partnerships, civil unions or similar formal relationships recognized under state law as something other than a marriage.”

Supplement Not Supplant

Grant funds may be used to supplement existing activities. Grant funds may not be used to supplant current funding of existing activities. “Supplant” is defined as replacing funding of a recipient’s existing program with funds from a federal grant.

Mandatory Disclosures

A term may be added to the NoA which states: Consistent with 45 CFR 75.113, applicants and recipients must disclose in a timely manner, in writing to the HHS awarding agency, with a copy to the HHS Office of Inspector General (OIG), all information related to violations of federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the federal award. Sub-recipients must disclose, in a timely manner, in writing to the prime recipient (pass through entity) and the HHS OIG, all information related to violations of federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the federal award. Disclosures must be sent in writing to the awarding agency and to the HHS OIG at the following addresses:

Failure to make required disclosures can result in any of the remedies described in 45 CFR 75.371 Remedies for noncompliance; including suspension or debarment (See 2 CFR parts 180 & 376 and 31 U.S.C. 3321).”

System for Award Management (SAM) Reporting

A term may be added to the NoA that states: “In accordance with the regulatory requirements provided at 45 CFR 75.113 and Appendix XII to 45 CFR Part 75, recipients that have currently active federal grants, cooperative agreements, and procurement contracts with cumulative total value greater than \$10,000,000, must report and maintain information in the System for Award Management (SAM) about civil, criminal, and administrative proceedings in connection with the award or performance of a federal award that reached final disposition within the most recent five-year period. The recipient also must make semiannual disclosures regarding such proceedings. Proceedings information will be made publicly available in the designated integrity and performance system (currently the Federal Awardee Performance and Integrity Information System (FAPIIS)). Full reporting requirements and procedures are found in Appendix XII to 45 CFR Part 75.”

Drug-Free Workplace

A term may be added to the NoA that states: “You as the recipient must comply with drug-free workplace requirements in Subpart B (or Subpart C, if the recipient is an individual) of part 382, which adopts the Government-wide implementation (2 CFR part 182) of section 5152-5158 of the Drug-Free Workplace Act of 1988 (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701-707).”

Smoke-Free Workplace

The Public Health Service strongly encourages all award recipients to provide a smoke-free workplace and to promote the non-use of all tobacco products. Further, Public Law (P.L.) 103-227, the Pro-Children Act of 1994, prohibits smoking in certain facilities (or in some cases, any portion of a facility) in which regular or routine education, library, day care, health care or early childhood development services are provided to children.

Standards for Financial Management

Recipients are required to meet the standards and requirements for financial management systems set forth in 45 CFR part 75. The financial systems must enable the recipient to maintain records that adequately identify the sources of funds for federally assisted activities and the purposes for which the award was used, including authorizations, obligations, unobligated balances, assets, liabilities, outlays or

expenditures, and any program income. The system must also enable the recipient to compare actual expenditures or outlays with the approved budget for the award.

SAMHSA funds must retain their award-specific identity – they may not be commingled with state funds or other federal funds [“Commingling funds” typically means depositing or recording funds in a general account without the ability to identify each specific source of funds for any expenditure.]

Trafficking in Persons

Awards issued by SAMHSA are subject to the requirements of Section 106(g) of the Trafficking Victims Protection Act of 2000, as amended (22 U.S.C. 7104). For the full text of the award term, go to <http://www.samhsa.gov/grants/grants-management/notice-award-noa/standard-terms-conditions>.

NOTE: The signature of the AOR on the application serves as the required certification of compliance for your organization regarding the administrative and national policy requirements.

Publications

Recipients are required to notify the Government Project Officer (GPO) and SAMHSA’s Publications Clearance Officer (240-276-2130) of any materials based on the SAMHSA-funded grant project that are accepted for publication. In addition, SAMHSA requests that recipients:

- Provide the GPO and SAMHSA Publications Clearance Officer with advance copies of publications
- Include acknowledgment of the ONDCP and SAMHSA grant program as the source of funding for the project.
- Include a disclaimer stating that the views and opinions contained in the publication do not necessarily reflect those of the Executive Office of the President, the Office of National Drug Control Policy or the U.S. Department of Health and Human Services, and should not be construed as such.

ONDCP and SAMHSA reserve the right to issue a press release about any publication deemed by ONDCP and SAMHSA to contain information of program or policy significance to the substance abuse treatment/substance abuse prevention/mental health services community.

Appendix F – Sample Budget and Justification (Match Required)

THIS IS AN ILLUSTRATION OF A SAMPLE DETAILED BUDGET AND NARRATIVE JUSTIFICATION WITH GUIDANCE FOR COMPLETING SF-424A

Budget Preparation

The Budget Narrative is used to determine reasonableness and allowability of costs in a DFC application. All of the proposed costs listed, whether supported by federal or matching funds, **must** be reasonable, and necessary to accomplish project objectives, allowable in accordance with applicable Federal Cost Principles, auditable, and incurred during the project period. All figures **must** be rounded to the nearest dollar.

Before developing a budget, applicants should review Federal Policies and Regulations available at <http://www.samhsa.gov/grants/grants-management/policies-regulations> to determine cost sharing expectations and restrictions on the types of costs that may appear in the budget.

Budget Terminology

Allowability of Cost: An allowable project cost is a cost that is:

1. Reasonable for the performance of the award.
2. Allocable.
3. In conformance with any limitations or exclusions set forth in the Federal Cost Principles applicable to the organization incurring the cost.
4. Consistent with the grant recipient's regulations, policies, and procedures which are applied uniformly to both federally-supported and other activities of the organization.
5. Accorded consistent treatment as a direct or indirect cost.
6. Determined in accordance with generally accepted accounting principles.
7. Not included as a cost in any other federally-supported award.

Cost Principles: The cost principles address the following four tests in determining the allowability of costs:

1. **Reasonableness** - (including necessity). A cost is reasonable if it does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the cost.
2. **Allocability** - A cost is allocable to a specific grant, function, department, or other component, known as a cost objective, if the goods or services involved are chargeable or assignable to that cost objective in accordance with the relative benefits received or other equitable relationship.

3. **Consistency** - Regulations regarding cost assignment must be consistent for all work of the organization under similar circumstances, regardless of the source of funding, to avoid duplicate charges.
4. **Conformance** - Conformance with limitations and exclusions contained in the Terms and Conditions of award, including those in the cost principles, may vary by the type of activity, the type of grant recipient, and other characteristics of individual awards.

These four tests apply regardless of whether the particular category of costs is one specified in the cost principles or one governed by other Terms and Conditions of an award. These tests also apply regardless of categorization as a direct cost or an indirect cost. The fact that a grant is awarded does not indicate a determination of allowability of all proposed costs.

Key Personnel: Individuals who contribute to the project in a substantive, measurable way, whether or not they receive salaries or other compensation under the grant (i.e., Program Director/Principal Investigator (PD/PI), Project Coordinator). The Program Director/Principal Investigator (PD/PI) and the Project Coordinator may be the same person. The Program Director/Principal Investigator (PD/PI) and Project Coordinator must be listed under ‘Personnel’ in the Budget Narrative and not identified under ‘Contracts’.

- **Program Director/Principal Investigator (PD/PI):** An individual who provides daily oversight of the grant, including fiscal and personnel management, community relations, implementation, and evaluation (Person listed in Part C of the Checklist found in the Grant Application Package retrieved from www.Grants.gov . Must be employee by the recipient organization.
- **Project Coordinator:** An individual who coordinates the work of the coalition and DFC activities, including training, coalition communication, data collection, and information dissemination. The Project Coordinator will be listed on the DFC website if a grant is awarded.
- **Business Official:** An individual responsible for the financial aspect of the grant, and must be an employee of the recipient organization. **NOTE:** The Business Official and Program Director/Principal Investigator (PD/PI) **cannot** be the same individual.

Level of Effort: The direct time spent by an individual on DFC Support Program-related work. Across all projects/grants/positions, the level of effort for an individual may not exceed 100 percent.

Direct Costs: Costs that can be identified specifically with a particular award, project, program, service, or other organizational activity, or that can be directly assigned to an activity with a high degree of accuracy. Normally, direct costs include, but are not limited to, salaries, travel, equipment, and supplies directly benefiting the grant-supported project or program.

Indirect Costs (if applicable): Also known as “facilities and administrative costs”, indirect costs are costs that cannot be specifically identified with a particular project, program, or activity, but are necessary to the operation of the organization (i.e., overhead). Facilities operation and maintenance costs, depreciation, and administrative expenses are examples of costs that are usually treated as indirect costs. The organization must not include costs associated with its indirect rate as direct costs. Indirect

costs require a negotiated indirect cost rate agreement. If indirect costs are claimed, a copy of an indirect cost rate agreement must be submitted with the application. Effective with 45 CFR 75.414(f), any non-federal entity that has never received a negotiated indirect cost rate, except for those non-federal entities described in Appendix VII to part 75 (D)(1)(b), may elect to charge a de minimis rate of 10 percent of Modified Total Direct Costs (MTDC) which may be used indefinitely. The grant recipient must identify the requests in the budget narrative.

Research indirect cost rates are not allowable and will not be accepted. For more information on the establishment of indirect cost rate agreements, contact the Division of Cost Allocation (DCA). Regional contact information can be found at the following DCA website:
<https://rates.psc.gov/fms/dca/map1.html>.

Total Project Costs (Direct and Indirect): The total allowable costs charged to the award during a budget period, whether paid by federal funds or contributed to meet the matching requirement, and the value of any third-party in-kind contributions counted toward the grant recipient's matching requirement.

Budget Expectations (Future Years and Projected Total): If an applicant has sufficient match to allow a budget request of the full \$125,000, the applicant should round up the final budget figures to equal \$125,000. Applicants will not receive a higher score for requesting less than \$125,000. Applicants are strongly encouraged to apply for the full \$125,000 for each of the four subsequent renewal years of funding in their budget forecast even if they are not able to apply for full funding in Year One due to insufficient match.

The amount requested in this original application for the four future years establishes the maximum amount that an applicant can receive in future years if awarded the grant.

Grant recipients are required to submit an annual budget request each year. The annual amount requested can be less than \$125,000 due to insufficient match, but can never be greater than the amount indicated in this application. Therefore, it is more advantageous to request the full \$125,000 for each out-year of funding. **Ensure against conflict of interest within proposed contractual costs; see the definition of Conflict of Interest and examples below:**

<p>Conflict of Interest: Federal regulations prohibit the appearance and existence of conflict of interest situations for employees, officials, and agents of the organization.</p> <p><u>Based on the use of Federal funds, it is not permissible for paid staff to be related. Relatives include: father, mother, son, daughter, brother, sister,</u></p>	<p>Examples:</p> <p>An officer or employee has an interest in a company selected for a contract or consulting relationship, such as through their ownership, the ownership by a family member or through financial or other business ties (for example, sector members).</p> <p>Nepotism - an employee is supervised by a family member under the Federally-sponsored project.</p>
---	---

<p><u>uncle, aunt, first cousin, nephew, niece, husband, wife, etc.</u></p> <p>Reference – 45 CFR 75 Statement, issued January 1, 2007.</p>	<p>An individual is contracted to be a grant writer and/or provide input into the grant application. This individual is then written into the grant application to be an evaluator, Program Director/Principal Investigator (PD/PI), Project Coordinator, etc. for the applicant organization. This would violate the Federal competition rules because contractors involved with the writing or preparation of the application cannot compete for contracts under the grant.</p> <p>Grant award recipients are required to alert their Grants Management Specialist (GMS) and the Government Project Officer (GPO) of any organizational conflicts of interest as well as noncompetitive practices among contractors that may restrict or eliminate competition.</p>

NOTE: In the Budget Narrative, applicants **must** also provide **Table 19: Future Years Budget Summary and Table 20: Calculation of Future Years and Projected Total.**

F. Contract: A contractual arrangement cost to carry out a portion of the programmatic effort by a third-party contractor or for the acquisition of goods or services under the grant. Such arrangements may be in the form of consortium agreements or contracts. If there is more than one contractor, each must be budgeted separately. A consultant is a non-employee retained to provide advice and expertise in a specific program area for a fee. The grant award recipient must establish written procurement policies and procedures that are consistently applied. SAMHSA staff may request a copy of procurement policies and all contracted agreements. All procurement transactions are required to be conducted in a manner to provide, to the maximum extent practical, open and free competition. The grant award recipient will be required to be alert to organizational conflicts of interest as well as noncompetitive practices among contractors that may restrict or eliminate competition or otherwise restrain trade. It is the grant award recipient's responsibility to conduct the day-to-day operations of the grant program. Grant award recipients may not serve as a conduit for the funds by passing them on to another agency. Therefore, the awarded grant award recipient **must** have oversight of the day-to-day operations.

COSTS FOR CONTRACTS MUST BE BROKEN DOWN IN DETAIL AND A NARRATIVE JUSTIFICATION PROVIDED. IF APPLICABLE, NUMBERS OF CLIENTS SHOULD BE INCLUDED IN THE COSTS.

***FOR REQUESTED FUTURE YEARS:**

(1) Please justify and explain any changes to the budget that differ from the reflected amounts reported in the 01 Year Budget Summary.

- (2) If a cost of living adjustment (COLA) is included in future years, provide your organization's personnel policy and procedures that state all employees within the organization will receive a COLA.

NOTE: The total federal dollars (direct + indirect costs) requested for the second through the fifth 12-month budget periods are entered on SF-424A, Section E: Column (b) = Year 2; Column (c) = Year 3; Column (d) = Year 4; Column (e) = Year 5. The amounts entered onto SF-424A, Section E of the SF-424A, is used to determine the maximum federal funds a grant award recipient may request in each of the project years. **Failure to complete this chart will mean that a funded application cannot receive funding in the remaining years of the 5-year funding cycle.**

Reference Table 5 of this FOA for a breakdown of the required matching funds for each year.

Appendix G – Coalition Involvement Agreements

As **Attachment 1**, applicants **must** include one Coalition Involvement Agreement (CIA) for each coalition sector representative. The following page provides a sample CIA. By signing a CIA, an individual is affirming that he/she represents a specific sector within the coalition. The 12 completed CIAs indicate compliance with the 12 sectors eligibility requirement (see Table 1).

General Information:

- CIAs **must not** be more than 12 months old (March 2017 – March 29, 2018) at the time the application is submitted.
- CIAs **must** be hand-signed and hand-dated. Do **not** use typed/electronic signatures. The same individual **cannot** sign a CIA as both the sector representative and the coalition representative.
- There **must** be one completed CIA for each sector. Do not provide more than 12 CIAs. American Indian and Alaska Native applicants *may include more than 12 CIAs as needed*.
- A coalition sector representative **must not** represent more than one of the 12 sectors. Choose the individual who best represents each of the 12 sectors.
- Paid coalition staff (current or proposed), such as the Program Director/Principal Investigator (PD/PI) Project Coordinator, and/or the coalition evaluator, and the individual signing as the coalition representative **cannot** serve as a coalition sector representative.

Instructions for Completing the CIA Form

Applicant coalitions have two options for meeting this requirement.

Option 1: If your coalition already has 12 hand-signed and hand-dated agreements with each of the required sectors that are not more than 12 months old, these can be used in lieu of the CIA templates provided in this FOA. **Table 21** below **must** be included at the top of each CIA.

Option 2: Use the CIA forms provided below.

Using the headings in the five columns provided below, complete a CIA for each required sector representative. Remove the italicized language and enter the correct information.

Because the CIA is an agreement between the coalition and the selected sector representatives, the applicant should identify the agreed upon responsibilities for both the coalition and the sector representative.

Coalition Involvement Agreement (CIA) Table

This is a template for the CIA Table that **must** be included at the top of each CIA. Fill in the empty cells in the table below and include the completed table in the application with Attachment 1, Coalition Involvement Agreement. **Note:** For the youth sector representative, the member's age **must** be listed.

Appendix H – Assurance of Legal Eligibility

As **Attachment 3**, attach either [Appendix H](#) or [Appendix I](#). To determine if you are required to submit Appendix H or Appendix I, use the two questions identified below:

1. Is the coalition serving as its own legal grant award recipient? Yes ☐ No ☐
2. Is the coalition's name listed in Item #8 on the SF-424 of this application? Yes ☐ No ☐

If the answer to **any** of these questions is “**no**”, then the coalition **must** enter into a relationship with an entity eligible to receive federal funds and submit a **Memorandum of Understanding (MOU)** (see [Appendix I](#)) and include as **Attachment 3**.

If the answer to **both** question is ‘**yes**’, then the coalition is applying for this grant on its own behalf (as the Legal Applicant eligible to receive Federal funding), use [Appendix H](#). The applicant coalition **must** sign and date the Statement of Legal Eligibility below and **include as Attachment 3**.

PLEASE NOTE: Although your coalition may exist within another organization that is eligible to receive Federal funding, a Memorandum of Understanding will be required. If the coalition's name does not appear on Line #8 of the submitted SF-424 with the corresponding Employer/Taxpayer Identification Number (EIN/TIN), then a Memorandum of Understanding **must** be submitted as part of the coalition's application. Not doing so, will deem your application statutorily ineligible and **will not** move forward to peer review.

Appendix I – Memorandum of Understanding between Grant Award Recipient and Coalition

As Attachment 3, attach either [Appendix H](#) or [Appendix I](#). Use [Appendix H](#) if the coalition is applying for this grant on its own behalf. Use [Appendix I](#) if the coalition is partnering with an outside agency as its grant award recipient/legal applicant. The outside agency cannot be a currently funded DFC grant recipient. The signatures on the Memorandum of Understanding (MOU) **must** include that of the grant recipient/legal applicant and the coalition. The date **must** not be older than 12 months at the time of application. A sample MOU is provided on the following page. The MOU submitted in the application should reflect the working relationship between the grant recipient/legal applicant and the coalition. Below are considerations when developing a relationship with an outside partnering agency serving as the grant recipient/legal applicant on behalf of a community coalition:

1. Through the Drug-Free Communities Act of 1997, it is the intent of Congress to fund the work of community coalitions addressing youth substance use. While it is allowable for the recipient to retain a portion for administration of the DFC grant, DFC funds are not meant to substantially supplement the budget of a partnering agency. DFC funds are specifically intended to support the work of the community-based coalition.
2. It is the intent of the DFC Support Program that a coalition's volunteer leadership has a management role in all financial decisions related to a DFC grant applied for on their behalf by a partnering organization.
3. The recipient and coalition may want to seek professional guidance such as an attorney and/or accountant when entering into such an agreement. Both the recipient and coalition should be fully aware of and understand the commitment in which they plan to enter.

Accounting Requirements

Another consideration for applicants of this grant is the administration of accounts receivable and payable. In accordance with OMB Circular A-110, a federal grant recipient must be capable of accounting for the expenditure of federal funds. Upon award of grant funds, the grant recipient is subject to a Financial Capability Review. The review typically includes an examination of financial statements, including those contained in reports issued to stockholders, lending institutions, and SEC filings; cash flow forecasts; loan agreements and evidence showing compliance with these agreements; aging of accounts receivable and payable; and financial history of the grant recipient and affiliated concerns. Details discussed in this circular should be reviewed by the grant recipient/legal applicant.

For further assistance on understanding issues regarding the grant recipient's role, responsibilities, or expectations, contact SAMHSA's Division of Grants Management at 240- 276-1400.

Appendix K – Assurance of DFC 10-Year Funding Limit

Under the DFC Act, a coalition **may not** receive more than 10-years of DFC funding. A legal applicant/grant recipient may receive DFC funds on behalf of a coalition if that coalition has not received a full 10 years of funding.

Attachment 6 requires the legal applicant/grant recipient and the Official Coalition Representative (i.e. Key Personnel, Executive Board Member) to read, sign, and date this document to assure the coalition has not already received 10-years of DFC funding. Under all situations, a coalition **may not** receive more than 10 years of DFC funding.

Specific restrictions on DFC legal applicant/grant award recipients and coalitions are outlined below.

I. Restrictions on legal applicant/grant award recipient:

1. A legal applicant/grant recipient may be the grant recipient agency for only one DFC coalition at a time.
2. An organization serving as the legal/applicant/grant recipient **may not** receive DFC funds on behalf of a coalition that has had 10 years of DFC funding.
3. A legal applicant/grant recipient that has already received 10-years of DFC funding may apply for DFC funds on behalf of a coalition that has had less than 10 years of funding.
4. A legal applicant/grant recipient that has already received 10-years of DFC grant funding on behalf of a coalition may apply for DFC funds on behalf of any coalition that is considered to be “new” that is unique and distinct from a coalition that has already received 10-years of DFC funding.

II. Restrictions on 501(c)(3) coalitions:

1. A coalition that is its own legal applicant/grant recipient (i.e. 501(c) (3)) may receive no more than 10-years of DFC funding. A coalition that has received 10-years of DFC funding (through one or more legal applicant/grant award recipients) may not receive further DFC funding.
2. In order to apply for DFC funding a coalition must prove that it is a completely different coalition (from the one previously funded with DFC grant funds). It **must** provide evidence within the application, to the satisfaction of the DFC grant review officials, that it is in fact new, unique, and distinct from any previously DFC funded coalition. New coalition factors include:
 - a. The proposed new, unique, and distinct coalition **must** be made up of different leadership and sector representatives from the community.
 - b. The proposed new, unique, and distinct coalition **must** have a different 12-Month Action Plan responding to a newly identified community needs assessment.

Appendix N – Intergovernmental Review (E.O. 12372) Requirements

States with SPOCs

As **Attachment 9**, read this section and determine if this is a requirement for your state. This grant program is covered under Executive Order (EO) 12372, as implemented through Department of Health and Human Services (DHHS) regulation at 45 CFR Part 100. Under this Order, states may design their own processes for reviewing and commenting on proposed federal assistance under covered programs. Certain jurisdictions have elected to participate in the EO process and have established State Single Points of Contact (SPOCs). A current listing of SPOCs can be downloaded from the Office of Management and Budget (OMB) website at <http://www.theocre.com/fedlaw/legal16/ispocs.htm>.

- Check the list to determine whether your state participates in this program. You are not required to do this if you are an American Indian/Alaska Native tribe or tribal organization.
- If your state participates, contact your SPOC as early as possible to alert him/her to the prospective application(s) and to receive any necessary instructions on the state's review process.
- For proposed projects serving more than one state, you are advised to contact the SPOC of each affiliated state.
- The SPOC should send any state review process recommendations to the following address within 60 days of the application deadline. For United States Postal Service: Christopher Craft, Director of Grant Review, Office of Financial Resources, Substance Abuse and Mental Health Services Administration, 5600 Fishers Lane 17E06, Rockville, MD 20857. ATTN: SPOC – Funding Announcement No. SP-18-002.

States without SPOCs

If your state does not have a SPOC and you are a community-based, non-governmental service provider, you **must** submit a Public Health System Impact Statement (PHSIS) 2 to the head(s) of appropriate state and local health agencies in the area(s) to be affected no later than the application deadline. The PHSIS is intended to keep state and local health officials informed of proposed health services grant applications submitted by community-based, non-governmental organizations within their jurisdictions. If you are a state or local government or American Indian/Alaska Native tribe or tribal organization, you are not subject to these requirements.

The PHSIS consists of the following information:

- A copy of the face page of the application (SF-424); and

² Approved by OMB under control no. 0920-0428; Public reporting burden for the Public Health System Reporting Requirement is estimated to average 10 minutes per response, including the time for copying the face page of SF- 424 and the abstract and preparing the letter for mailing. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for this project is 0920-0428. Send comments regarding this burden to CDC Clearance Officer, 1600 Clifton Road, MS D-24, Atlanta, GA 30333, ATTN: PRA (0920-0428).

- A summary of the project, no longer than one page in length that provides: 1) a description of the population to be served; 2) a summary of the services to be provided; and 3) a description of the coordination planned with appropriate state or local health agencies.

For SAMHSA grants, the appropriate state agencies are the Single State Agencies (SSAs) for substance abuse. A listing of the SSAs for substance abuse can be found on SAMHSA's website at <https://www.samhsa.gov/grants/applying>. If the proposed project falls within the jurisdiction of more than one state, you should notify all representative SSAs.

You **must** include a copy of a letter transmitting the PHSIS to the SSA in Attachment 9, "Letter to the SPOC." The letter **must** notify the state that if it wishes to comment on the proposal, its comments should be sent no later than 60 days after the application deadline to the following address. For United States Postal Service: Christopher Craft, Director of Grant Review, Office of Financial Resources, Substance Abuse and Mental Health Services Administration, 5600 Fishers Lane, 17E06, Rockville, MD 20857. ATTN: SSA – Funding Announcement No. SP-18-002.

In addition:

- Applicants may request that the SSA send them a copy of any state comments.
- The applicant must notify the SSA within 30 days of receipt of an award.

Appendix R – Application Scoring Criteria

Applications will be screened jointly by ONDCP and SAMHSA to determine whether they meet all Statutory Eligibility Requirements as outlined in this FOA. Applications that meet all Statutory Eligibility Requirements will then be peer reviewed and scored by an Independent Review Group (IRG).

The IRG will score **each element** for questions 1-5 (in Section V) using the following criteria and definitions of each descriptor. In the event an applicant cannot respond to a specific letter, the applicant **must** explain why they are unable to respond and offer a possible solution. The Project Narrative will be scored by how well each of the element is answered.

Outstanding: The applicant organization explicitly addresses the element by providing comprehensive descriptions and thorough details. Relevant examples and data are included to support the information presented. The applicant organization demonstrates a strong, and informed understanding of the topic and the level of detail provided reinforces each response. The applicant organization effectively describes how the project will be implemented.

Very Good: The applicant organization provides significant descriptions and relevant and related details in addressing the element but the response is not entirely comprehensive. The applicant organization demonstrates a sound understanding of the topic and includes pertinent examples. It is possible to distinguish what makes the response better than acceptable but not up to the standards of outstanding.

Acceptable: The applicant organization provides a basic response to the element. The applicant organization does not include significant detail or pertinent information. Key details and examples are limited. The applicant organization minimally translates the requirements of the FOA into practice.

Marginal: The applicant organization provides insufficient information, details and/or descriptions that do not completely answer the element. The applicant may have answered part of the element but missed a key point and/or there are major gaps in the information presented.

Unacceptable: The applicant organization does not address the element. The applicant organization states the question, but does not elaborate on the response. The applicant merely repeats information included in the FOA. The applicant organization skips or otherwise ignores the question or includes irrelevant information that does not answer the question.

The IRG will provide an overall rating for question three, the 12-Month Action Plan, using the following definitions of each descriptor:

Outstanding: The 12-Month Action Plan fully addresses both DFC goals. It includes measurable objectives that coincide with problems identified in the data provided in question two of the Project Narrative. The strategies and activities included must be comprehensive and unique to the population to be served. The 12-Month Action Plan's strategies and activities must correspond to the accomplishment of each objective. The 12-Month Action Plan fully meets all four of the following requirements:

1. The template provided in Table 3 is used;
2. The two DFC goals are included (Goal One: Increase community collaboration and Goal Two: Reduce youth substance use);
3. The objectives are measurable and **must** include the following elements:
 - the type of change;
 - how much change will occur, including the specific amount of increase or decrease;
 - the specific population to be addressed (if population is youth, the ages of youth or grade level **are** identified);
 - a specific date (Month/Year) by when change will be accomplished; and
 - indicates how change will be measured.
4. At least two named substances are addressed.

Example of a measurable objective: By 9/29/19 (specific date) increase by 5 percent (amount of change) perception of peer disapproval of alcohol use (type of change) among 8th, 10th, and 12th grade students (population to be addressed) as determined by a youth survey result (how change will be measured).

Very Good: The 12-Month Action Plan addresses the two DFC goals; however, it may not be fully comprehensive or completely correspond with the strategies and activities related to each objective. The 12-Month Action Plan meets the majority of the following requirements:

1. The template provided in Table 3 is used;
2. The two DFC goals are included (Goal One: Increase community collaboration and Goal Two: Reduce youth substance use);
3. The objectives are measurable and **must** include the following elements:
 - the type of change;
 - how much change will occur, including the specific amount of increase or decrease;
 - the specific population to be addressed (if population is youth, the ages of youth or grade level **are** identified);
 - a specific date (Month/Year) by when change will be accomplished; and
 - indicates how change will be measured.
4. At least two named substances are addressed.

Acceptable: The 12-Month Action Plan **addresses the two DFC goals**. It may not fully correspond with the strategies and activities to allow all objectives to be met. **Not all** of the objective elements are included and/or measurable. The 12-Month Action Plan satisfactorily meets the following requirements:

1. The template provided in Table 3 is used;
2. The two DFC goals are included (Goal One: Increase community collaboration and Goal Two: Reduce youth substance use);
3. The objectives are measurable and **must** include the following elements:
 - the type of change;
 - how much change will occur, including the specific amount of increase or decrease;

- the specific population to be addressed (if population is youth, the ages of youth or grade level **are** identified);
 - a specific date (Month/Year) by when change will be accomplished; and
 - indicates how change will be measured.
4. At least two named substances are addressed.

Marginal: The 12-Month Action Plan **inadequately addresses the two DFC goals**. It insufficiently addresses the strategies and activities related to each objective. The strategies and activities are deficient and may not allow the objectives to be met. **Few** objective elements are included and/or measurable.

Unacceptable: The 12-Month Action Plan **does not address the two DFC goals**. It lacks or fails to document or address the criteria required for the 12-Month Action Plan. The strategies and activities do not correspond to the objectives. Additionally, strategies and activities do not allow objectives to be met. Objectives are not measurable and fail to address the four elements discussed above. The required template is not used.

Point scale ranges are provided below and are in order from Question 1 to Question 5:

Question 1 will be scored using the following 10 point scale:

<u>Outstanding</u> Point range:	<u>Very Good</u> Point range:	<u>Acceptable</u> Point range:	<u>Marginal</u> Point range:	<u>Unacceptable</u> Point range:
10-9	8	7	6	5-0

25-23	22-20	19-18	17-15	14-0

Question 3 (12-Month Action Plan) will be scored using the following 30 point scale:

<u>Outstanding</u> Point range:	<u>Very Good</u> Point range:	<u>Acceptable</u> Point range:	<u>Marginal</u> Point range:	<u>Unacceptable</u> Point range:
30-27	26-24	23-21	20-18	17-0

Question 4 will be scored using the following 20 point scale:

<u>Outstanding</u> Point range:	<u>Very Good</u> Point range:	<u>Acceptable</u> Point range:	<u>Marginal</u> Point range:	<u>Unacceptable</u> Point range:
20-18	17-16	15-14	13-12	11-0

Question 5 will be scored using the following 15 point scale:

<u>Outstanding</u> Point range:	<u>Very Good</u> Point range:	<u>Acceptable</u> Point range:	<u>Marginal</u> Point range:	<u>Unacceptable</u> Point range:
15-14	13-12	11	10-9	8-0

Appendix S – Glossary of Terms

Activities: Efforts, actions or initiatives conducted to achieve identified objectives. Example: Conduct three responsible beverage server trainings with 15 businesses represented at each training.

Authorized Representative/Official: The person authorized to sign the grant application as the official representative of the applicant organization and to act on behalf of the applicant and assume the obligations imposed by the federal laws, regulations, requirements, and conditions that apply to grant applications or awards, including the fiduciary authority/responsibility.

Business Official (BO): The individual identified in the application as being the primary party responsible for overseeing the financial aspects of the grant (i.e. Authorized Representative/Official, Accountant, Bookkeeper). This is the individual who will receive the Notice of Grant Award (NoA) if funded and/or the IRG Summary Statement.

Coalition Involvement Agreement (CIA): A signed mutual agreement between the coalition and each one of its 12 sector members establishing the minimum expectations and contributions to be leveraged on behalf of the community, the coalition and the implementation of the DFC grant.

Community-Level Change: Change that occurs within the overall population of the community.

Congressional District: An electoral division of a state entitled to send one member to the US House of Representatives – this refers to the Federal Congressional District.

Community Readiness: The degree to which a community is prepared to take action on an issue.

DFC Grant Award Recipient: The grant award recipient is the organizational entity that receives the DFC grant funds. For the purposes of this FOA, it is either a coalition that is a legally eligible entity (to receive federal funds) or an agency that has agreed to partner (receive the DFC grant) on behalf of the coalition and serve as the legal applicant if awarded the grant.

DFC Me: DFC's Management and Evaluation system used for grant communications, progress reporting, and as a learning center for grant award recipients.

Economically Disadvantaged Area: An area with 20 percent or more children living in households below the poverty line as defined by the U.S. Census Bureau.

Objectives: What is to be accomplished during a specific period of time to move toward achievement of a goal. Measureable objectives **must** include the following elements:

- the type of change;
- how much change will occur, including the specific amount of increase or decrease;
- the specific population to be addressed (if population is youth, the ages of youth or grade level **are** identified);

- a specific date (Month/Year) by when change will be accomplished; and
- indicates how change will be measured.

Example of a measurable objective: By 9/29/19 (specific date) increase by 5 percent (amount of change) perception of peer disapproval of alcohol use (type of change) among 8th, 10th, and 12th grade students (population to be addressed) as determined by a youth survey result (how change will be measured).

Rural: According to the Drug-Free Communities Act of 1997, rural is defined as a county with a population that does not exceed 30,000 individuals.

Social Indicator Data: Numerical measures that describe the well-being of individuals or communities. Indicators are comprised of one variable or several components combined into an index. They are used to describe and evaluate community well-being in terms of social, economic, and psychological welfare. Community-level social indicators can be useful in community assessments for different purposes. An assessment to identify community issues and problems, for instance, might rely on such indicators as the incidence of a disease or medical condition either in the community at large, or in a particular social, ethnic, or geographic group. For example, in the substance use world, alcohol-related motor vehicle accidents can speak volumes about the community's alcohol use problem. Even something as seemingly harmless as the sales figures for alcohol may highlight a problem.

Strategy: An overarching strategic plan, action, initiative or policy approach designed to achieve a key or primary aim or objective the coalition intends to achieve intended results. Example: Increase enforcement of laws prohibiting the sale of alcohol to minors through compliance checks.

Urban: The Census Bureau classifies as "urban" all territory, population, and housing units located within an urbanized area (UA) or urban cluster (UC). It delineates UA and UC boundaries to encompass densely settled territory, which consists of: Core Census block groups or blocks that have a population density of at least 1,000 people per square mile and surrounding census blocks that have an overall density of at least 500 people per square mile.
